## Letter of Compliance

### DETOX conformity through OEKO-TEX® and specific customer requirements

This letter of compliance includes specific customer requirements referring to the production processes as well as to the product itself. The letter applies to the following produced articles:

Commission printing: Knitted and woven fabrics as well as garments made of 100 % cotton and 100 % organic cotton, pigment screen-printed and pigment digital printed; produced using components partly pre-certified according to OEKO-TEX® ECO PASSPORT.

The product testing was carried out according to **OEKO-TEX® STANDARD 100 Annex 6**. In addition to the regular On-Site Visit the status of the chemical management system was verified following the **Greenpeace “plus” requirements for small printers<sup>1</sup>**.

The supply chain production processes for the dyeing and finishing of the fabrics covered by this certification conform with the specific customer requirements.
